OATH OF RESIDENCY

The purpose of this document is to prove residence of a family living in a dwelling that is not owned or being rented by that family. For example, a family has temporarily moved in with relatives or friends. This is not the case for a child who moves in with someone other than their parent; this is only when a parent/guardian and the child have moved in with someone else.

1. Provide the school with a proof of residence document from the owner/renter of the dwelling. This document must include the owner/renters name and address. This document could be a lease, purchase agreement, utility bill, or other acceptable document. If this dwelling is a rented dwelling, a signed permission statement from the complex manager or property owner allowing this arrangement must also be included with this form.
2. Both parties (parent/guardian and homeowner/renter with whom they are living) must take this Oath of Residency form to a Notary Public and both parties must be present while signatures are notarized.
3. Take completed Oath of Residency form, complex manager's or property owner's permission statement (if applicable) and the owner/renter's proof of residency to the school and register student(s).

If the information submitted on this form is found to be inaccurate, retroactive tuition will be paid to Greenon Local Schools at the current daily rate.

STUDENT NAME

BUILDING TO ATTEND

I, _____, acknowledge that _____
